

Equipment and Technology

Getting what you need, and learning how to use it.

Would you like to learn about, or get, equipment or technology which helps you to do the things you enjoy?

Would you like to learn about, or get, equipment or technology which helps you to do the things you enjoy?

Would you and your supporters like to find out about any of these things:

- switches or other adaptations so you can read books, use appliances or play with toys?
- a wheelchair or adaptations to your wheelchair so you can play sports or go to the beach?
- adapted equipment for art, for example a motorised easel or mouth-stick brush holder?
- adaptations for prosthetics, such as a terminal device so you can play sport?
- a fishing rod with an automatic reel?
- adaptations to or a specialist bike, such as a hand operated bicycle?
- equipment to help you to swim or exercise in water?
- technology which helps you to operate things like TVs or music devices, such as switches, voice activation, a computer or a phone?

What else might you need in order to be able to do the things you enjoy?

Write them in your planning manual.

Would you like to learn about, or get, equipment or technology which helps you to do things at home?

Would you like to learn about, or get, equipment or technology which helps you to do things at home?

There are many choices when it comes to supporting you to have more independence and control at home.

Would any of these things help you:

- an environmental control unit (ECU) so you can control things in your home such as light switches, air conditioning or door locks?
- adapted dish cloths, utensils or detergent dispensers?
- adapted cooking utensils and appliances?
- alert systems such as shakers or lights to tell you that the phone is ringing or that somebody is at the door?
- accessible cooking equipment such as special plates and cups, or a Thermomix?
- technology to help you remember things, such as an app on an iPad?

What other equipment or technology might help you to be more independent at home?

Write your ideas in your planning manual.

Do you need products to assist with your personal care or safety?

Do you need products to assist with your personal care or safety?

There are many products which can help you to be more comfortable, safe or independent. Do you need any of these things:

- an adjustable bed, pressure care mattress or accessories?
- continence products such as pads or sheets?
- aids for dressing or specialised clothing, such as cooling vests?
- equipment for eating and drinking such as syringes?
- specialised household furniture such as postural or electric lift chairs?
- bathroom and toilet equipment such as shower chairs or commodes?
- ways to stay connected to support people, such as emergency call systems, Skype or FaceTime?
- flood or gas detectors?
- fall detectors?
- air conditioning, for example if you need to stay cool to prevent seizures?

What else might you need in order to be safe and to have the kind of personal care you want?

Write your ideas in your planning manual.

**Do you need assistive products
for hearing?**

Do you need assistive products for hearing?
